FILE HEADING.

Organisation of a special detective staff for putting down illicit distillation.

From

The Excise Commissioner in Mysore

No. 8580 Dated 21.4.11 Received 24.4.11

Diary No 4306 | Enclos 5 | Spare Copies | Serial No. 1

BRIEF ABSTRACT OF LETTER.

Forwards copy of Shimoga Deputy Com^r's letter no 8580 (67) of 11 regarding the detection of a series of cases of illicit distillation of a raid on the Shimoga Range & the necessity for the formation of an organised patrol party & solicits orders as to whether he may work out a scheme for a detective department.

NOTES AND ORDERS.

1. The occasion on which the Excise Com^r submitted the same proposal for the consideration of Govt and which is referred to in para 1 of the letter under disposal was in connection with the Repression of the Bombay Govt for 4dy lines for

Serial No.

5 The Excise Comr has been for some time past perceiving the necessity for organising a detective staff for the purpose of putting down illicit distillation of arrack & the smuggling of Ganja first he asked for the deputation of Mir Syd Abdulla Sheriff to train the existing staff in the work of detection, but this Govt were not prepared to depute Mir Sheriff as a whole time officer for this work. A suggestion was however made to the Excise Comr that Mir Sheriff might be placed first in charge of the Dist to where illicit distillation exists to a large extent & asked to train the men of that Dist and that he may train the staff of other Dists by rotation being, in charge of the respective Dists at the same time Excise work. The Excise Comr was not agreeable to this proposal. So the matter was dropped -

6 Again in connection with the exchange of Govt trees with the Bombay Govt. the Excise Comr reported that illicit distillation was rife in the Dists Talukas of Channagiri Honnali

GPB—50,000—12-8-10

Mukarjeen Sorab and Nuwoja of the Shimoga District, Dewanagere of the Chitaldrug District and Tarikere of the Kadoor District & that a complete detective staff was necessary to put down illicit distillation. He also represented that the existing staff was inadequate & unfit for this work & promised to submit proposals of Govt. thereof taking it up seriously. This point was not however considered by Govt

7 Now (in the letter under disposal) for the third time the Excise Comr reports that he has been convinced of the large extent to which illicit distillation has been & is being carried on by Lambanis throughout the Shimoga and the neighbouring districts and that a separate detective establishment should be sanctioned as early as possible.

8 To prove the existence of illicit distillation of arrack specially in the Shimoga Taluk the Dy Comr has given certain statistics of

Consumption of arrack and the cases of illicit distillation of arrack

9 It is an admitted fact that illicit distillation of arrack is carried on in the Shimoga Dist to a larger extent than in other Dists.

A Comparison of the figures of Consumption of arrack and of the cases of illicit distillation reported in the Mysore Dists of Hassan, Kadur & Shimoga will show that illicit distillation is not solely responsible for the variation in Consumption from year to year. There are other Causes also contributing to it. Such as seasonal Conditions, Changes in the price of arrack, large public works &c.

10 Smuggling of Ganja to a large extent in Bangalore & Mysore as also in the Bangalore Dists of the Chitaldroog Dist is suspected. If any detective staff is to be afforded at all it will be necessary for all the places referred to in the preceding paras. If a small establishment is entertained it will have to work

for a short time in each of these places, leaving the officers to their fate, when there may be a revival of the offence. Such a staff is "Detective Supervisors" once existed, but this staff was amalgamated with the general staff on the ground that detection & prevention of offences under excise laws formed the most important part of the duties of the general staff of the ~~Dept~~ Excise Dept. The best arrangement will therefore be to post capable & efficient Inspectors to places where the above offence exists to a large extent and suitably ~~reward~~ recognise their services by promotion & rewards authorised by the rules.

With a view to lighten the work of some of the heavy ranges and afford facilities for the detection of crimes, the Excise Comr has proposed ~~that~~ the splitting up of some of the Ranges and the appointment of additional Prohn Inspectors.

(This file is now before the Govt with a view to sanction the proposal)

Incidentally it may be observed that a temporary establishment exists in the Kolar District for some time to detect illicit distillation of arrack & put down other crimes, but there is no increase of consumption of arrack is observed -

11 As regards the recommendation of the Dy Comr about the work of the Inspector in Coorg the Excise Comr is competent to forward his suitably.

Submitted for orders

Page 56

28/6/11 W The suggestion made in the above note seems to be worthy of consideration detection of Excise offences has not yet become an art and the organisation of a distinctive staff for that work does not seem to be quite necessary. If Excise Inspectors of proved capacity are selected and posted to Talugs where illicit manufacture or import of Excise articles is carried on and if the Inspectors are assisted by a carefully selected staff (strengthened, if need be, by the

Temporary addition of one or two Excise hands) good results may reasonably be Expected. The difficulty of detection in the Shimoga District is due more to the modest life of Lambanis who reside Generally in Jungle tracts rarely frequented by the General public than to any Extraordinary Cleverness or secrecy with which the Operations are Carried on.

29/6/11

Sec[y] 13 Some serious attempt to put down illicit distillation in Shimoga seems to be necessary & the Excise may be asked to submit proposals. The establishment may perhaps be temporary for 2 years. but Permanent hands will be taken for this duty & their places taken by the temporary men. It will probably be well if M[r] Abdulla Sheriff (Excise Officer) is posted to Shimoga instead of M[r] Rama Rau.

at temp'y

At present there is a Excise detective staff for frontier patrolling at Violan consisting of a Asstt. Supr or 6 peons and costing 89 Rs p.m. The proposal now made is to entertain 8 more inspectors and 38 more peons costing the increased Expr being 52 8 Rs p.m. or 624 16 Rs per annum.

30) To create such an extensive Establishment — though at first styled temporary — would mean the additional burden of recurring Expr of over 6000 Rs p.a. and in the present state of our finances all such Expenditure is to be deprecated.

~~Present staff~~

31) In the Excise department there are over 170 Inspectors Asstt Inspectors etc and if good inspectors are selected and posted to the important frontier places, the loss to Excise Revenue by smuggling will be put down by the extra Establishment being sanctioned for it.

I suppose this is what the E.C. Dept ordinarily — UPS

Whereas a G.O. of 2-9-11 four additional probationary inspectors were sanctioned In such a big establishment it cannot be impossible to provide for this work ~~otherwise~~ by a judicious redistribution of Charges & work.

32 Whereas as the Excise Commissioner the Entertainment of this Establishment will result in increased Excise Revenue, as an Experimental measure the necessity of one Inspector on a few pecus may be sanctioned for one of the Selected Place and the Result of the Experiment in increasing Revenue awaited If Satisfactory, it may then be Extended to the other Places It is very difficult when once an Estt is once Formed to Cut it down even though the results may prove it to be unnecessary. It is therefore necessary to exercise caution in the initial Stage itself.

33) It is of course necessary to put down illicit distillation but is the sanctioning of additional establishment the only way or even the best way of doing so? Each Taluk in Shimoga District is a range by itself with its staff of Excise Inspector Assistant Inspectors, Sub Inspectors and peons. One of the most important duties of this staff is to check illicit distillation. If there is unusual activity on the part of illicit distillers or smugglers in any Taluk a temporary redistribution of staff to suit the exigencies of the case is always possible.

34) In cases like this it is ~~xxxx~~ the quality of the staff rather its number which matters. A strong & resourceful District Excise officer with a staff of selected Inspectors in charge of ranges, possessing energy & ability, may soon prove a terror to the evildoers in question and put a stop to illicit distillation, while a number of additional hands of the ordinary 'routine' type may absolutely fail.

35) It is also not clear why a number of men from the District Police Reserve, and if necessary from the Provincial Police

Revenue also, cannot be deputed to help the Excise officers in this matter.

36) On the whole I think that prompt and energetic action is called for to safeguard the Excise revenue but that action need not and should not be of the nature of sanctioning additional establishment. A redistribution of staff with careful regard of the personnel and the offer of a substantial reward for every case prosecuted to conviction — a hint also to the Excise officers selected for the Districts concerned that the eyes of Govt are on them & special recognition would follow specially valuable service — these would perhaps be in many respects more effective than additional establishment.

Submitted to His Highness.

574) In bringing to the notice of Government the series of cases of illicit distillation of arrack in the Shimoga Range, the Excise Commissioner proposed the formation of an organized patrol party. His letter No.8580 dated 21st April 1911 fully explains the case.

T

2. Thereupon the Excise Commissioner was requested to submit moderate proposals for the employment of a temporary detective staff for the purpose. With his letter No.2388 dated 9th September 1911, he has sent up a proposition statement proposing the entertainment of an establishment consisting of 4 Inspectors, 5 Assistant Inspectors and 37 menials, at an aggregate cost of Rs.607 per mensem, inclusive of the special staff sanctioned for the Kolar District at a cost of Rs.89 per mensem. It is proposed to form 4 parties, each consisting of not less than ten men including officers to patrol the Harihar, Shikarpur, Anekal and T.Narasipur frontiers.

2 "papers under flag" - I & II

1 Assistant Inspector	35 + 10	
5 Peons	44	
	89	

3. The question has been fully discussed by the Financial Department on pages 14 to 17 of the notes. The Financial Secretary has stated "on the whole I think that

Pages 14-17 of Accs. notes.

Page 17

that prompt and energetic action is called for to safeguard the excise revenue but that action need not and should not be of the nature of sanctioning additional establishment. A redistribution of staff with careful regard of the personnel and the offer of a substantial reward for every case prosecuted to conviction;- a hint also to the Excise officers selected for the Districts concerned that the eyes of Government are on them and special recognition would follow specially valuable service - these would perhaps be in many respects more effective than additional establishment."

Page 18 g notes

4. The Second Councillor is of opinion that a staff of 2 Inspectors each on Rs.40, and 3 Sub-Inspectors each on Rs.25 and 15 men on Rs.7, 8 and 9 may be sanctioned for a period of one year and that these men should be employed to co-operate with the local Inspector whenever the Excise Commissioner finds necessary to employ.

Page 20 g notes

5. When the papers came up before me, I approved of the draft order sanctioning the modified proposals and observed that "if inefficients were weeded out and replaced by efficient men, and if all men were at their legitimate posts, it should be possible to dispense with this additional establishment".

Page 21 g notes

6. The papers having been circulated to the First Councillor, he has noted that he is in hearty agreement

SR.175-10 (24

agreement with the remarks of the Financial Secretary in pages 16 and 17 (of the notes) that the whole Excise establishment exists for such work and that, however, as the proposal is to have the establishment only for a year, he agrees.

7. His Highness' sanction may be kindly accorded to the proposal. With District Excise officers picked for their efficiency and special usefulness, perhaps a good part of the proposed staff can be dispensed with. This can be done in the course of the year for which alone the sanction is sought.

PRIVATE SECRETARY MYSORE

The Palace,
Bangalore,
27th July 1912

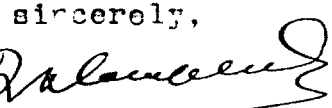
My dear Sir,

5/8

I am directed to return file No. 452 dated 23-7-12 and to draw your attention to the proposal made by Mr. Sparkes in 1909 to place Mr. Mahomed Abdulla Sherif on special duty to train the Subordinate Excise staff in detective work. That proposal was vetoed on the ground of expense, but now that the Government is willing to spend more money on detection. His Highness cannot help thinking that it would be

better to give effect to Mr. Sparkes' proposal rather than to appoint an additional staff of untrained detective officers. He would like Mr. Sparkes proposal to be submitted for his orders with your opinion and that of the Council.

Yours sincerely,



T. Ananda Rao, Esq., C.I.E.,
Dewan of Mysore,
Bangalore.

NOTE—Contn. sheet.

GIP—65,000—17-C.

Submitted to His Highness.

(66) With reference to Mr. R.H. Campbell's D.O. letter No.39 dated 27th July 1912, the present Excise Commissioner was consulted in regard to Mr. Sparkes' proposal to place Mr. Abdulla Sheriff on special duty to train the subordinate Excise staff in detective work.

x.

2. In submitting a revised scheme drawn up by Mr. Abdulla Sheriff, the Excise Commissioner notes tha 'it merits a trial tentatively at least'.

Paper under disposal"

3. The proposed scheme is less costly than the one proposed in 1909 and the only extra cost involved will be the salary payable to Mr. Abdulla Sheriff while on deputation for one year. The present Patrol Sub Inspectors and their menial staff will be withdrawn from the Taluks and they will be given special training in detective work. There may perhaps be some small extra expenditure on account of travelling allowance.

With a deputation allowance permissible under the rules.

Pages 29-30 4 Notes -

Both the Councillors agree to the deputation of Mr. Abdulla Sheriff for a period of one year. This may be sanctioned.

Draft Subd

10) In the draft put up mention is made of patrol Sub Inspectors & their menial staff who are proposed to be specially trained. This is based on the note of the Dewan on page 3 of these notes. But Mr Abdulla Sheriff in his note proposes to withdraw Inspectors and Asst Inspectors for training during the Sluck season.

I have added the words "Selection Inspectors and Asst Inspectors" as otherwise the Committee may take objection

SR

14/10/10

11) Mention is also made of the rules of DA to Mr Sheriff and those admissible to a Dt Excise Officer through the States of an amildar are mentioned in the draft put up. It is not clear what rules are to be given after he is withdrawn for special duty. Dt Excise Officers through the States of amildars get Rs 4 daily allowance, Rs 4 mileage & double 1st class Railway fare. This addition is made in the draft subject to approval, on the principle that an Officer should not be a loser for purposes of DA when employed on ~~this~~ special duty.

OFFICE OF THE EXCISE COMMISSIONER IN MYSORE,

Bangalore, dated 21st April 1911

From

H. H. Sparkes, Esquire,

Excise Commissioner in Mysore.

To

C.S. Balasundaram Iyer, Esq., B.A.

Offg: *Secretary to the Government of*
His Highness the Maharaja of Mysore,
General and Revenue Departments.

SIR,

I have the honor to submit herewith copy of letter No. Camp 67, dated the 14th April 1911, from the Deputy Commissioner Shemoga District, together with its enclosures in original, regarding the detection of a series of cases of illicit distillation of arrack in the Shemoga Range and urging the necessity for the formation of an organized patrol party, and to state that I have in the last para of my letter No.3036, dated 30-9-1910 brought to the kind consideration of the Government the urgency for stationing a patrol party on the frontier and the usefulness it would serve. Since I was not favoured with any orders, I have not formulated ~~may~~ my detailed proposals in the matter.

2. In my recent tour in the Shemoga District when I paid special attention to this important subject, I have been convinced of the large extent to which illicit distillation has been and is being carried on by the Lambanis throughout this and the neighbouring districts. As a small proof of this, I inspected a large number of arrack shops in the neighbourhood of Lambani-Thandas soon after the Holi-feast when it is known that Lambanis drink a large quantity of liquor, but in not a single instance could I find that the consumption of arrack sold at the bar had increased. This coupled with the fact that Lambanis are in the habit

SUBJECT.

Submitting Copy of letter
Camp. 67 dated the 14th April 11, from
Deputy Commissioner, Shemoga Di
with its enclosures, regarding the dete
of a series of cases of illicit distillat
of arrack in the Shemoga Range an
urging the necessity for the forma
of an organized patrol party to

GPB—2,000—31-7-09

(2

habit of purchasing large quantities of jaggory on the fields at considerably higher prices than they would pay for the same at the market clearly demonstrates that they must use it for illicit - - distilling arrack, as it is well known that Lambanis are not large consumers of sugar in the ordinary way. These men are adepts at this nefarious trade, it being their hereditary occupation. We have been doing what we can with our present staff to cope with this and I have drafted a certain number of patrol sub-Inspectors to the Shemoga range for this purpose, to the detriment of other Districts, but even with this addition the staff is inadequate - and their efforts are of little avail. The physical features of the Malnad especially the [illegible] taluks bordering the frontier afford many facilities to the Lambanis and which however offer - great obstacles to the Government officers in detection.

3 The Deputy Commissioner's letter is interesting and I fully agree with him that a separate detective establishment should be sanctioned as early as possible as any delay would indirectly affect the State arrack Revenue.

4 In this connection, I beg to remind Government of my request to remove the present District Excise Officer who is not very efficient and is incapable of coping with the problem.

5 Under these circumstances, I solicit very early orders of Government whether they are desirous of allowing me to work out a scheme for a detective department now proposed to be sanctioned.

I have the honor to be.

Sir

Your most obedient servant.

H H Sparke

Excise Commissioner,

in Mysore.

Enclosure to SR 175-10 (3)

Copy of letter No.Camp 67, dated 14th April 1911 from the Deputy Commissioner, Shemoga District, to the Excise Commissioner, in Mysore.

I have had my attention drawn to a series of cases of illicit distillation lately brought to light in the Lambani - - Thandas of Hole-Bannavalli and Kalpanahalli in Shemoga taluk, - through the praise-worthy exertions of Excise Inspector, J.F.D'cost of Shemoga range and I have therefore the honor to report as - - follows:-

2 . The facts disclosed at the trials account for the fall in the consumption of liquor in the several shops in the neighbour-hood of Shemoga during the first half of the year. It is feared that illicit distillation is not confined either to the persons and to the localities affected by the prosecutions but is practis-ed over a wider area to an extent hitherto unexpected.

3 It seems to me therefore that the cases under reference call for more than passing notice in the interests of both public health and of Excise Administration. A common feature of the cases dealt with is the facility open to the secret disposal of - illicit liquor of varying strengths from 14 U.P. to 74 U.P. pre-pared at an incredibly small outlay by the use of materials and utensils ordinarily used in every village homestead for domestic purposes. The " Wash" is usually prepared by soaking a quantity of babul-bark in a solution of jaggory water and kept in an earthe pot for a couple of days or so till fermentation takes place. - Another pot is then placed over the fire place and after pouring the water into it, its mouth is hermetically closed by a smaller pot placed upside down and having a circular side hole into which one end of a bamboo tube is tightly inserted. The process of distillation then begins- the liquor obtained through the bamboo

" Condensing tube "

(4

" Condensing tube " is collected in a separate earthe or tin vessel and preserved in bottles. Liquor obtained in the earlier stages is stated to be of superior strength to that obtained in later stages of distillation. Strong liquor is retailed either separat -ly, or mixed with liquor of inferior kinds- to villagers for pay ments in kind or cash as circumstances permit. The rates at - which illicit liquor can be had are too tempting to be overlooked With the means of obtaining cheaper liquor readily available at his door a consumer seldom feels the necessity for going to the licensed shop to have his daily wants supplied.

4 The list A appended to this letter gives the different samples of liquor produced in Court in the several cases prosecut -ed to conviction. The samples were sent to the Chemical - - examiner for analysis with a view to ascertain the quality and proportion of intoxicating properties in each. The results of chemical analysis embodied in the list B may enable you to esti- -mate the evil effects of allowing illicit liquor to displace in any measure the consumption of arrack at the licensed shops.

5 The usual plea advanced in the majority of cases for the manufacture of illicit liquor is that it serves the purpose of a specific for Colic. Another familiar excuse is the in- ability to pay the price at which arrack can be legitimately had in a licensed shop. In several cases it was seriously suggested that liquor manufactured at home is particularly relished by the guests and is therefore in greater requisition on festive occasions than liquor obtained at so much more expense from the licensed shops. Among the samples of illicit liquor seized and produced at the trials, those relating to Criminal cases Nos 18, 23, 24 were found to be very much superior in strength to liquor issued from the Bangalore Distillery. But it was reserved for Waddar Neeli concerned in the last mentioned case to tell the truth. She professes to have learnt the art of brewing from her Lambani - - paramour. The latter having been convicted of house-breaking

and

(5

and sent to jail to undergo a year's imprisonment, she was left without means of livelihood- with a child in her arms. She - therefore continued the buisiness and went on retailing illicit liquor to villagers in exchange for Ragi and Paddy.

6 The foregoing facts point to the necessity of employing a special detection staff for the prevention and detection of - illicit distillation, when it is remembered that the consumption of arrack in the several shops in and around Shemoga has been - steadily improving since the above prosecutions were instituted., (vide statement C), there is every reason to hope that @@ organized efforts made by trained agency will result in a greater measure of success in stamping out traffic in illicit liquor.

7 It is due to the vigilance and care displayed by Excise Inspector J.F. D'Costa that the activities of illicit distillation in Shemoga range have received a salutary check. His services merit recognition. I am of opinion that his services may be - utilized to a better purpose by placing him in charge of the - - special detective branch on the salary and status of a Deputy - Amildar.

OFFICE OF THE EXCISE COMMISSIONER IN MYSORE,

Bangalore, dated 9th September 1911.

From

K. Doraswami Iyer, Esquire,
Offg: *Excise Commissioner in Mysore.*

To

C.S. Balasundaram Iyer, Esq., B.A.,
Offg: *Secretary to the Government of*
His Highness the Maharaja of Mysore,
General and Revenue Departments.

SIR,

Adverting to your letter No.Fl. 954,/S.R.175-10-2, dated the 30th Ultimo, calling for proposals for the employment of a temporary detective staff, I have the honor to state that the necessary proposition statement will be sent to the Com-ptroller for verification and transmission to Government.

Recd with Comptr's No: 31148/22 November 1911

2. It is proposed to form four parties, each consisting of not less than ten men including officers to patrol the Harihar Shikaripur, Anekal and T. Narasipur frontiers. This is the minimum of an establishment required for dealing to some purpose with the illicit distillation of liquor and smuggling of excisable goods.

3. The staff will be distributed according to requirements as it is not desirable to station them once for all at the different frontiers and run the risk of their forming friendships with those against whom they are intended to act.

It

(14

4. It would be necessary also to keep a few hands at Head-quarters to send on to places where extra attention is required for the time being, as also to proceed upon occasions without notice to stations.

5 The cost of the proposed establishment may be met from the surplus savings effected after necessary adjustment of the advance to arrack Manufacturers from 1st July 1910 which amount to Rs .984-15-1 according to the figures available in this Office and from the amount of remuneration sanctioned to the arrack Carrying Contractors during the current year.

6. I may here state that the detective staff will be re-cruited from the existing men having special aptitude for this branch of work and from some men to be obtained from the Police Department in consultation with the Head of that Department.

7 I beg that early orders of Government may be kindly obtained.

I have the honor to be,

Sir,

Your most obedient servant.

SIR,

I have the honour to forward herewith, duly verified, Proposition and Reappropriation statements received in duplicate from the Excise Commissioner in Mysore with his No.3498 dated 9th Instant on account of the formation of temporary additional Frontier Patrol parties in the State at a monthly cost of Rs.518.

2. The Excise Commissioner has proposed to meet the excess expenditure involved by reappropriation from the savings under "Remuneration to contractors for carrying liquor to Bonded Depots". The additional grant asked for is, according to the accompanying Reappropriation statement, Rs.3,626 (calculated for 7 months), but, as the establishment is not likely to be sanctioned before the close of this month, the grant required will be for not more than 6 months viz., Rs.3,108.

3. Since no period is specified by the Excise Commissioner, the establishment, if sanctioned, will continue ~~all~~ till, and cease with

Very Urgent

Office of the Excise Commissioner
in Mysore

Dated, Camp, Mysore, 29th August 1912.

31

Dear sir,

Referring to your D.O. No. Fl.630/S.R.175-10, dated 6th August 1912, I write to say that I have carefully gone through the file relating to the subject and I am of opinion that a trial may well be given to the proposal of Mr. Sparkes as embodied in his letter No. 901, dated the 24th July 1909 as this involves the least extra cost to Government on this score.

I delayed answering your D.O. as I wished to have a talk with Mr. M.A.Sherieff before I submitted my views to Government. He saw me just the other day and has at my request submitted a Memo detailing his scheme which meets with my entire approval as it appears to be feasible. At any rate it merits a trial tentatively at least.

A copy of the same has been attached to this D.O. for the information of Government.

Enclosure to SL 6. SR 175-10

Memorandum re formation of a detective force for the Mysore Excise Department

---

Most respectfully submitted.

The most economic scheme for the forma-tion of a detective force for the Excise Department is the one submitted by Mr. Sparl the then Excise Commissioner, and is fully discussed in his letter to Government. There are about 75 patrol Sub-Inspectors in the Excise Department; these officials wer originally appointed for detection work, and their primary duty is admitted to be detection work; these officials have not done much in this direction, because they have not been so employed, they do not know what they have to do, and because they have no central guiding head cons-tantly insisting on their doing detection work.

The Province could have a fairly effi-cient detective force entirely devoted to detection of heinous Excise offences, with-out any considerable extra expenditure, by simply removing the patrol Sub-Inspectors from Ranges, where, these officials are next to useless and do very little for the pay they get, and forming them into detec-tive parties, and place them under an officer styled Superintendent detective service; the menials necessary could also be drawn from the several Ranges, as there are more than actually required in most of

the

the Ranges; and as each patrol Sub-Inspect nas a menial attached to him in the Sub--Range, there should be no difficulty in detaching the menial along with the Sub--Inspector; the menials necessary for the Superintendent may also be drawn from the Ranges where there are more than enough.

With better experience of the actual requirements, it may be possible later on to reduce the number of men and increase their pay without any additional burden on the Excise Revenue; for the present the Patrol Sub-Inspectors with their menials, and the patrol parties employed on the frontier would be ample.

For the purpose of training, Inspec--tors and Assistant Inspectors may be temporarily attached to detective parties for about three months; one Inspector and one Assistant Inspector from each District may be detached from the Range during the slack season and given the necessary train--ing in systematic detection work.

My original scheme submitted under instructions from Mr. Sparkes, the then Excise Commissioner involved considerable additional expenditure; this was modified as detailed above after a further considera--tion, but a Superintendent was included in both the schemes.

Without a guiding head and controlling

officer

officer exercising the close and strict supervision necessary, and giving the men prompt instructions, and taking active part in the detection work, it is not possible to obtain good results; a Super--intendent is, therefore, absolutely - - necessary.

The revised proposals submitted and now under correspondence involve an addi--tional expenditure of over R$.500/- per mensem, whereas the scheme originally sub--mitted by Mr. Sparkes will only cost the Department the pay of an additional Dis--trict Excise Officer, which may amount to R$.250/- or R$.300/- per mensem and thus save the Department about R$.3000/- annually.

After an experience of about 2 years, it may be possible to re-adjust the - - strength of the staff and form a permanent detective force with better pay, without any additional expenditure.

The scheme as originally proposed by Mr. Sparkes will, therefore, be as follows:

1. Superintendent. R$.250/- or R$.300/- additional expenditure.
2. Present Patrol parties - No additional expenditure.
3. Present patrol Sub-Inspector and their menials - No additional expenditure.

The formation of the parties, their relatic --ship to the District Staff, their sphere of duties etc., may be decided later on after

(27)

after discussion.

(sd) M.A.Sheriff.

Respectfully submitted to Sirdar M. Kantharaj Urs Saheb Bahadur as ordered.

SUBJECT.

GPB—10,000 19-4-10

On a careful consideration of the question Govt consider that it is very desirable and necessary to give the subordinate staff of the Excise department a systematic training in detection work. They are accordingly pleased to place Mr Abdulla Sheriff, Dt Excise Officer, on special duty for this purpose tentatively for a period of one year. from the 16th inst when he leaves Salem to join the Excise Training School at Coimbatore

The existing staff of Patrol Sub Inspectors with their menial establt will be withdrawn from the Taluks and placed under the special duty Officer, who will give them sound training in detection work; forming them into parties and employing them on such work in places where their

DIARY No. 2195

1912-1913
SECTION. S.R.
File No. 175-10
Serial No. 9

From

M. Kantaraj Urs, Esq., B.A.,
Excise Commissioner in Mysore.

To

K.R. Srinivasaiengar, Esq., M.A.,
Offg; Secretary to the Government of
His Highness the Maharaja of Mysore,
General & Revenue Departments.

Sir,

With reference to your No. Fl. 3103/S.R.175-10-8, dated 28-11-1912, suggesting that Mr. Abdulla Sheriff may be associated in some way with the instructions given in the Excise Training School, Bangalore, I have the honor to inform that Mr. Sheriff will have to be constantly touring about in the Province and his move--ments are not quite certain, being mainly dependent upon the in--formation he receives about offences affecting Excise revenue.

Under the above circumstances, it is not possible to fix him to any definite work in the School, but a few select officers in the School have been directed to work in the City Staff during their spare hours in the after-noons under the guidance of Mr. Sheriff.

I have the honor to be,
Sir,
Your most obedient servant,

Excise Commissioner
in Mysore.
